

SUPER-30 INTEGRATED PROGRAM

Two-Year Integrated Program · For students currently in Std X

Start early. Build deep. Finish strong.

JEE MAIN | JEE ADVANCED | NEET | MHT-CET | BITSAT

I The Program at a Glance

SUPER-30 is a continuous academic journey that begins before Class XI and continues through the major engineering entrance examinations. Foundation, bridge, the two core years, revision and exam-specific crash courses are delivered as one structured plan rather than as separate, disconnected courses.

DURATION	Two-year integrated program; classes commence April 2027
TARGET EXAMS	JEE Main · JEE Advanced · NEET · MHT-CET · BITSAT · Other Engg/Medical Competitions
SUBJECTS	Physics, Chemistry, Mathematics & Biology
BATCH SIZE	Limited to 30 students
ACADEMIC SUPPORT	Board-aligned support alongside competitive preparation
FACULTY	IITians and NITians with over 10 years of teaching experience

2 Five-Stage Roadmap

01 BUILD Alongside Class X	CLASS X BOOSTER SESSIONS Strengthen school-level fundamentals that matter later. Strengthen core concepts · Identify and address learning gaps · Stronger mathematical and scientific thinking · Smoother entry into JEE/NEET-oriented learning
02 TRANSITION April 2027	BRIDGE COURSE Move smoothly from school learning to competitive problem-solving. Reinforce Class 9 and 10 fundamentals · Align students from different boards · Introduce JEE/NEET-style problem-solving · Build habits for rigorous preparation
03 MASTER Class XI – XII	SUPER 30 CORE PROGRAM Build concepts and application skills, then deepen mastery and sharpen performance. Concept-first teaching and guided practice · JEE/NEET-oriented and higher-level problem solving · Doubt resolution built into the day · Part tests, full-length practice and structured revision
04 CONVERT JEE Main / NEET / Boards	JEE MAIN / BOARDS REVISION CRASH COURSE Focused revision, PYQs, practice and exam-oriented preparation. High-yield revision · Previous-year question practice · Timed problem solving · Full-length test practice and analysis
05 FINISH Exam season	NEET / JEE ADVANCED CRASH COURSE Final-stage preparation tailored to each examination. Exam-specific strategy · Pattern-oriented practice · Timed mock tests · Final revision and performance refinement

3 The SUPER 30 Advantage

3000+

HOURS

Guided academic learning

300+

HOURS

Dedicated testing

6

DAYS A WEEK

One day break

5

HOURS A DAY

Teaching, self-study & doubts

BATCH TIMINGS

8:00 AM – 1:30 PM

TAUGHT BY IITians & NITians

Over 10 years of teaching experience

WHAT SETS THE PROGRAM APART

LIMITED TO 30 STUDENTS

A capped batch — more interaction, faster doubt resolution, individual attention.

ONE CONTINUOUS ROADMAP

Class X foundations through final entrance-exam preparation, without gaps.

COMPETITIVE AND BOARDS

Entrance preparation without losing sight of school and board requirements.

MULTI-EXAM READY

JEE Main, JEE Advanced, NEET, MHT-CET and BITSAT within one academic roadmap.

TEST, ANALYSE, IMPROVE

Testing is built into learning, so progress is measured rather than assumed.

REVISION BUILT INTO THE PLAN

Concepts are revisited through structured revision and cumulative practice.

TESTING, PERFORMANCE TRACKING & FEEDBACK

We don't just teach; we measure. Our testing cycle ensures no concept is left behind.

Structured 3-Week Test Cycle

- **CTT (Current Topic Test):** Every 3 weeks
- **ATT (All Topic Test):** Mid-cycle assessment
- **BTT (Board Topic Test):** End of 2nd year

Revision & Test Series

- Two comprehensive revision rounds after syllabus completion
- Part tests and full-length mock tests aligned with JEE Main, JEE Advanced, NEET, MHT-CET, BITSAT and other entrance examinations

Parent Teachers Meeting

- Regular PTMs with detailed performance analysis, personalised feedback and improvement planning

Student Report Card

- Clear subject-wise and overall reports covering marks, rank, accuracy, attempt rate, strengths and improvement areas
